Product Images

Short Description

25Km/H Advisory Speed Class 1 reflective material, aluminium road sign 600 x 400 mm

Description

Class 1 reflective aluminium speed sign. This advisory road sign measures 600 x 400 mm and is constructed from highly visible yellow reflective material with black text. Speed limit signs. Advisory speed signs have a yellow background. These signs indicate the recommended maximum speed in good driving conditions for the average car. Advisory speed signs are generally placed before curves, bends and crests.
